Preparing well for JEE is one thing and transforming the knowledge & skills into success on the JEE day is another. Many Students are not able to adopt the right approach and proper examination temperament, as they do not have the right feedback on their preparation. If you fail in JEE it is a permanent loss, which is irreparable and mistakes committed are uncorrectable. Test Series will teach you how not to fail. It is an opportunity for you to ensure that you convert your skills into success on the JEE day. Test analysis worksheets are provided to help the Students realize:

- ❖ Correlation between percentage of marks attempted & marks obtained.
- ❖ Silly mistakes, which could have been avoided.
- ❖ Psychological temperament required to perform optimally in the exam.

Level of difficulty in the tests is changed strategically to prepare Students for all types of papers - very difficult to relatively easy ones. It has been observed that JEE papers have been coming up with a different kind of content in one or the other subject in terms of level of difficulty & style of the paper. FIITJEE Test Series (with Concept Strengthening Classroom Program) will ensure you do not suffer any setbacks due to these fluctuating trends. The quality of our test papers is evident from the fact that many questions of JEE 1995 to 2014 are either identical or similar to questions, which were part of tests conducted by FIITJEE.

Concept Strengthening Classroom Program (CSCP)

Test series test will be followed by a Concept Strengthening & Test Analysis cum doubt removal program in each subject of Physics, Chemistry and Mathematics conducted by expert FIITJEE faculty members. The key points of this program will be as follows:

- Subject discussion of each paper with emphasis on several ways of attempting a question, wherever possible.
- How to improve strike rate & how to overcome the mistakes that a Student often makes during the exam will also be discussed.
- Strategy to attempt the paper of any different difficulty level or pattern.
- Eliminating conceptual doubts, plugging the loopholes related to the papers.
- Strategies for time management during preparation and on the day of the exam.

Eligibility Criterion : Candidates must have secured 75% marks in (Science + Maths) / PCM in X or XII from CBSE, ICSE, Andhra Pradesh, Anglo Indian, Haryana, Kerala, Maharashtra, Telangana, Tamil Nadu and West Bengal Boards. 70% marks in (Science + Maths) / PCM in X or XII from other Boards.
