

## Classroom Program for Students going to **Class 6** in 2015

### LITTLE GENIE

#### One Year Foundation Program

Program aims at raising the IQ / Mental Ability of the Students to two years ahead of time and will develop logical thinking required for success in various future exams especially NTSE.

This Program will also guide the Students to approach Science & Mathematics in an objective manner to solve complex numerical problems.

Success is never defined in absolute sense. It is very much a subject of relative performance. Children need to imbibe the spirit of competitiveness from an early age and start preparation for major milestone achievements, well in advance so as to avoid stress and pressure of preparation. **The Program Trains a Student for Overall Logical Thinking and Scientific Aptitude at an early age thereby Transforming the Academic Life of Students. This is the time while a Student Encounters Change in Academic Methodology from a text based Academics in Class V to a Matured Academic Life in Class VI and Beyond...**

Parents will be able to notice substantial difference in the analytical skills and IQ of their little ones.

The entire course will be covered in **4 Phases** and duration of the program will be around **175 hours**. IQ, Physics, Chemistry, Biology & Mathematics subjects will be covered. Besides Student will also get the following as an Integral part of the program:

- ❖ Single comprehensive study material: Additional problems will be supplemented wherever necessary Students should not require any additional books etc.
- ❖ Chapter Practice Problems: On each chapter Students will be given Chapter Practice Problems which they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and will be returned to the Students with remarks and suggestions. Thus helping every Student to have a very strong command over fundamental concept knowledge very crucial for getting Top ranks.
- ❖ Work Books for Home Assignment.
- ❖ Mock Test Papers for class VI.
- ❖ Regular feedback & Test Analysis Sessions.
- ❖ Special Sessions on Vedic Mathematics.
- ❖ Students also gain important exam practice through quizzes, phase tests, & mock tests (conducted in a simulated environment giving the Students a 'feel' of the real exam) that can help them improve their examination temperament - a necessary element for success in any competitive exam.
- ❖ Success Potential Index (SPI): We are the only institute in India having the capability to predict Success Potential Index (SPI) of a Student. We constantly encourage our Students to emulate their Success Potential Index (SPI).

For FIITJEE Centres offering this program, please refer to Program Availability Grid available at the Centre.

For Admission Test & Batch Commencement Dates please refer to Dates Grid available at the Centre.
